

## Notice of Intent to Consolidate Eligible Renewal Projects FY 2021 Toledo Lucas County Continuum of Care

Prior to completing this form, applicants should consult with the local HUD field office to ensure it is eligible to consolidate the projects as determined in the FY 2021 NOFA. If allowed, please complete the entire form and complete only one form per proposed consolidation of grants. Please submit this document by email no later than September 14, 2021 to [communications@tlchb.org](mailto:communications@tlchb.org).

In the following section, list all Toledo Lucas County CoC funded projects administered by your agency that you are proposing to consolidate (up to ten allowed). Applicants proposing multiple groups of consolidations should enter additional tables as needed.

<b>Name of project:</b>	<b>Renewing Grant #:</b>
<b>Name of project:</b>	<b>Renewing Grant #:</b>
<b>Name of project:</b>	<b>Renewing Grant #:</b>
<b>Name of project:</b>	<b>Renewing Grant #:</b>
Are these projects under the same recipient and of the same component type as the grant(s) proposed in the consolidation (required)? Yes <input type="checkbox"/> No <input type="checkbox"/>	
Does your agency understand that applicant must submit separate renewal projects for each of the grants that are proposed to be consolidated? Project applications for the grants that are proposed to be consolidated will be ranked (individually), and if all those grants are selected, HUD will award the single consolidated grant. See Section II.B.6 (below) and V.B.4.a.(7) of the FY 2021 NOFO for additional requirements. Yes <input type="checkbox"/> No <input type="checkbox"/>

**\*Section II.B.6 of the FY 2021 NOFO describing Consolidated Project (page 12):**

6. *Consolidation Project.* Project applicants can consolidate two but no more than ten eligible renewal projects during the application process. The projects being combined during a grant consolidation will continue uninterrupted. To be eligible for consolidation, the projects must have the same recipient and be for the same component; and will only be funded in this Competition with FY 2021 funds (meaning no funds recaptured from prior years will be awarded to the project). See Section V.B.4.a.(7) of this NOFO for additional information.

To be eligible for consolidation, projects must be in good standing with HUD, meaning that none of the proposed projects have:

- a. outstanding audit or monitoring findings;
- b. outstanding obligation to HUD that is in arrears,
- c. unresolved construction delays,
- d. history of poor financial management or drawdown issues,
- e. history of low occupancy levels, or lack of experience in administering the project type, or
- f. or other capacity issues.

HUD will not permit a transitional housing and a permanent housing project to consolidate to form a Joint TH and PH-RRH component project and will not permit a transition grant to be consolidated with any other project. If a project meeting these characteristics attempts to consolidate as part of the project application process, the submitted consolidated project will be rejected by HUD during the application review process.

To request the consolidation of eligible renewal projects, project applicants must submit renewal projects for the individual projects to be included in the consolidation and each project application will identify the grant number that will survive which must be the grant number with the earliest start date in CY 2022. Project applications for the grants that are proposed to be part of the consolidation must be ranked with a unique rank number for each project, and if all those grants are selected, HUD will conditionally award the single surviving grant based on its ranked position to include the amount of funding of all grants included in the consolidation. All other project applications included in the surviving grant will be removed from the CoC's ranking resulting in project applications below to slide up one ranked position. A project applicant cannot submit a consolidated project application that

contains two different components (e.g., permanent housing and transitional housing). See Section V.B.4.a.(7) of this NOFO for additional requirements.
