

Before Starting the Exhibit 1 Continuum of Care (CoC) Application

HUD strongly encourages ALL applicants to review the following information BEFORE beginning the FY2011 Exhibit 1 Continuum of Care (CoC) application.

Training resources are available online at: www.hudhre.info/esnaps - Training modules are available to help complete or update the Exhibit 1 application, including attaching required forms to the application. - The HUD HRE Virtual Help Desk is available for submitting technical and policy questions.

Things to Remember

- Review the FY2011 Notice of Funding Availability for the Continuum of Care (CoC) Homeless Assistance Program in its entirety for specific application and program requirements. - CoCs that imported their FY2010 information during the CoC Registration process are reminded to carefully review each question in Exhibit 1 to ensure the response imported is appropriate. Questions may have changed from the FY2010 process in which case the imported response may no longer be relevant. Note that not all questions from FY2010 were imported and new questions will require manual responses. Be sure to review the application carefully and verify and update as needed to ensure accuracy.- New CoCs or CoCs that did not apply in FY2010 will not have information pre-populated and must complete all Exhibit 1 forms..

1A. Continuum of Care (CoC) Identification

Instructions:

The fields on this screen are read only and reference the information entered during the CoC Registration process. Updates cannot be made at this time. If the information on this screen is not correct, contact the HUD Virtual Help Desk at www.hudhre.info.

CoC Name and Number (From CoC Registration): OH-501 - Toledo/Lucas County CoC

CoC Lead Agency Name: Toledo Lucas County Homelessness Board

1B. Continuum of Care (CoC) Primary Decision-Making Group

Instructions:

The following questions are related to the CoC primary decision-making group. The primary responsibility of this group is to manage the overall planning effort for the entire CoC, including, but not limited to:

- Setting agendas for full Continuum of Care meetings
- Project monitoring
- Determining project priorities
- Providing final approval for the CoC application submission.

This body is also responsible for the implementation of the CoC's HMIS, either through direct oversight or through the designation of an HMIS implementing agency. This group may be the CoC Lead Agency or may authorize another entity to be the CoC Lead Agency under its direction.

Name of primary decision-making group: Toledo Lucas County Homelessness Board

Indicate the frequency of group meetings: Monthly or more

If less than bi-monthly, please explain (limit 500 characters):

Indicate the legal status of the group: 501(c)(3)

Specify "other" legal status:

Indicate the percentage of group members that represent the private sector: (e.g., non-profit providers, homeless or formerly homeless persons, advocates and consumer interests) 80%

*** Indicate the selection process of group members: (select all that apply)**

Elected:	<input checked="" type="checkbox"/>
Assigned:	<input type="checkbox"/>
Volunteer:	<input type="checkbox"/>
Appointed:	<input checked="" type="checkbox"/>
Other:	<input type="checkbox"/>

Specify "other" process(es):

Briefly describe the selection process of group members. Description should include why this process was established and how it works (limit 750 characters):

The Board of Directors of TLCHB consists of 25 members. The Mayor of the City of Toledo appoints 5 members. The Lucas County Commissioners appoint 5 members. The the local community wide consortium of homeless service providers and advocates (TAAEH)appoints two (2) members. The remaining 13 members are nominated and elected by TLCHB at its annual meeting. This assures broad community response and practical evaluation of the City's Consolidated Plan and the County's goals for ending homelessness in a broad, practical, manageable and affordable manner that doesn't leave homeless individuals or families behind or in peril of returning to homelessness.

*** Indicate the selection process of group leaders: (select all that apply):**

Elected:	<input checked="" type="checkbox"/>
Assigned:	<input type="checkbox"/>
Volunteer:	<input type="checkbox"/>
Appointed:	<input checked="" type="checkbox"/>
Other:	<input type="checkbox"/>

Specify "other" process(es):

If administrative funds were made available to the CoC, will the primary-decision making body, or its designee, have the capacity to be responsible for activities such as applying for HUD funding and serving as a grantee, providing project oversight, and monitoring? Explain (limit to 750 characters):

TLCHB as the lead agency of the CoC has the capacity and the need for administrative funds. It is responsible for all activities involved with a successful CoC application, including helping to secure other funds to implement the local plan to end homelessness. Administrative funds will be used to implement a more comprehensive oversight process of HUD funded applicants assuring compliance of HUD regulations and local established standards. Administrative funds will increase the internal capacity of TLCHB to more efficiently oversee the CoC applicant selection process, and it will expand its Citizen Review role to implement and monitor an on-going performance improvement plan for all CoC applicants.

1C. Continuum of Care (CoC) Committees, Subcommittees and Work Groups

Instructions:

Provide information on up to five of the CoCs most active CoC-wide planning committees, subcommittees, and workgroups. CoCs should only include information on those groups that are directly involved in CoC-wide planning activities such as project review and selection, discharge planning, disaster planning, completion of the Exhibit 1 application, conducting the point-in-time count, and 10-year plan coordination. For each group, briefly describe the role and how frequently the group meets. If one of more of the groups meet less than quarterly, please explain.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

Committees and Frequency

Name of Group	Role of Group (limit 750 characters)	Meeting Frequency
Toledo Lucas County Homelessness Board (TLCHB)	Primary role is planning and oversight of the CoC. All TLCHB committees, work group, and board include persons from the Toledo Area Alliance to End Homelessness, a network of providers, community members, including formerly homeless individuals. TLCHB receives, reviews and acts on all CoC policies, procedures, strategic efforts and funding recommendations. It prepares and submits the annual CoC application. In addition, TLCHB provides leadership for the CASE-Plan to End Homelessness; Discharge Planning; Provider and Service Standards; manages the local HPRP program including its coordinated Intake, corporate case management and housing placement components; and Point-in-Time. TLCHB serves on the ESG, CDBG and EFSP Citizens Review Committee.	Monthly or more
CoC Citizens Review Committee	This committee has two tasks. First, it is responsible for development of priorities and performance measurements for both the CoC at large and applicant providers. Second, it defines application process for the CoC SHP process, reviews applications, makes selection/funding recommendations to TLCHB, and recommends performance improvement strategies to TLCHB and grantees.	Bi-monthly
CASE-HPRP Program	Organized to manage the local ARRA funded HPRP program, a collaborative project of nine CoC entities, and to develop strategies, policies and procedures that will lead the CoC to an every stronger emphasis and response to preventing homelessness and reducing homelessness with sustainable permanent housing outcomes for homeless households and those at imminent risk of homelessness, throughout ARRA funding, but more importantly, beyond it. Its efforts have introduced three new components: Coordinated Intake and Assessment; Common Case Management Services; and Centralized Housing Placement Assistance. The CoC believes these elements will have a major impact on reducing homelessness once they are implemented system wide in 2012.	Monthly or more

CASE to Care Community Events	Community-wide gatherings for organizations, stakeholders and consumers to receive and review CoC current matters and/or concerns; advise in decision-making; and participate in open dialogue for future planning. This year's gatherings included hosting a Veterans Summit for the VA to introduce and discuss the VA 5 Year Plan to End Veteran Homelessness. The most recent gathering dealt with the Implication and Impact of HEARTH. A HUD-authorized Technical Advisor facilitated this timely event. Unique to this event was the 100% attendance of every current homeless provider receiving funds from ESG, SHP and CDBG, including its board leadership. The next gathering will follow-up and assist in establishing the community's performance measurements.	quarterly (once each quarter)
HMIS Advisory Committee	Plans for, implements and monitors Toledo HMIS policies and procedures so as to assure Toledo HMIS remains a strong effective tool for collecting and analyzing data and disseminating information to the board and other planning entities about area homeless, those at risk of homelessness and the continuum's service system, specifically for the planning, service implementation and funding needs to achieve the CASE Plan to Prevent, Reduce and End Homelessness.	Monthly or more

If any group meets less than quarterly, please explain (limit 750 characters):

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.

- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Lucas County Children Services

Type of Membership: Public Sector
(public, private, or individual)

Type of Organization: Local government agencies
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Committee/Sub-committee/Work Group, Attend
(select all that apply) 10-year planning meetings during past 12 months

Subpopulation(s) represented by the organization: Youth
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

(public, private, or individual)

Type of Organization: Local workforce investment act boards
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend Consolidated Plan planning meetings during past 12 months, Attend Consolidated Plan focus groups/public forums during past 12 months
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: United North CDC

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Non-profit organizations
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend Consolidated Plan planning meetings during past 12 months, Attend Consolidated Plan focus groups/public forums during past 12 months
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Lucas County Board of Development Disabilities

Type of Membership: Public Sector
(public, private, or individual)

Type of Organization: Local government agencies
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend Consolidated Plan planning meetings during past 12 months, Attend Consolidated Plan focus groups/public forums during past 12 months
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process

(No more than two subpopulations)

Does the organization provide direct services to homeless people? Yes

Services provided to homeless persons and families: Case Management, Utilities Assistance, Counseling/Advocacy, Rental Assistance
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Neighborhood Health Association

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Hospitals/med representatives
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend 10-year planning meetings during past 12 months
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? Yes

Services provided to homeless persons and families: Healthcare
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: University Church

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Faith-based organizations
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Committee/Sub-committee/Work Group, Attend
(select all that apply) 10-year planning meetings during past 12 months

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Consumer / Aurora Project

Type of Membership: Individual
(public, private, or individual)

Type of Organization: Homeless
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend 10-year planning meetings during past 12 months
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Consumer FOCUS

Type of Membership: Individual
(public, private, or individual)

Type of Organization: Homeless
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend 10-year planning meetings during past 12 months
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1E. Continuum of Care (CoC) Project Review and Selection Process

Instructions:

The CoC solicitation of projects and the project selection process should be conducted in a fair and impartial manner. For each of the following items, indicate all of the methods and processes the CoC used in the past year to assess the performance, effectiveness, and quality of all requested new and renewal project(s).

In addition, indicate if any written complaints have been received by the CoC regarding any CoC matter in the last 12 months, and how those matters were addressed and/or resolved.

Open Solicitation Methods:
(select all that apply)

- d. Outreach to Faith-Based Groups, c. Responsive to Public Inquiries, b. Letters/Emails to CoC Membership, a. Newspapers, f. Announcements at Other Meetings, e. Announcements at CoC Meetings

Rating and Performance Assessment Measure(s):
(select all that apply)

- g. Site Visit(s), m. Assess Provider Organization Capacity, n. Evaluate Project Presentation, h. Survey Clients, i. Evaluate Project Readiness, p. Review Match, o. Review CoC Membership Involvement, r. Review HMIS participation status, q. Review All Leveraging Letters (to ensure that they meet HUD requirements), k. Assess Cost Effectiveness, l. Assess Provider Organization Experience, j. Assess Spending (fast or slow), b. Review CoC Monitoring Findings, a. CoC Rating & Review Committee Exists, f. Review Unexecuted Grants, e. Review HUD APR for Performance Results, d. Review Independent Audit, c. Review HUD Monitoring Findings

Voting/Decision-Making Method(s):
(select all that apply)

- c. All CoC Members Present Can Vote, a. Unbiased Panel/Review Committee, f. Voting Members Abstain if Conflict of Interest

Were there any written complaints received by the CoC regarding any matter in the last 12 months? No

If yes, briefly describe complaint(s), how it was resolved, and the date(s) resolved (limit 1000 characters):

1F. Continuum of Care (CoC) Housing Inventory Count--Change in Beds Available

For each housing type, indicate if there was a change (increase or reduction) in the total number of beds counted in the FY2011 Housing Inventory Count (HIC) as compared to the FY2010 HIC. If there was a change, please describe the reasons in the space provided for each housing type. If the housing type does not exist in your CoC, please select "Not Applicable" and indicate that in the text box for that housing type.

Emergency Shelter: Yes

Briefly describe the reason(s) for the change in Emergency Shelter beds, if applicable (limit 750 characters):

Two faith based projects deleted beds and one private project discontinued emergency shelter services.

HPRP Beds: Not Applicable

Briefly describe the reason(s) for the change in HPRP beds or units, if applicable (limit 750 characters):

Safe Haven: No

Briefly describe the reason(s) for the change in Safe Haven beds, if applicable (limit 750 characters):

Transitional Housing: No

Briefly describe the reason(s) for the change in Transitional Housing beds, if applicable (limit 750 characters):

Permanent Housing: Yes

Briefly describe the reason(s) for the change in Permanent Housing beds, if applicable (limit 750 characters):

The increase was due to a re-purposing of a services only grant to permanent supportive housing.

CoC certifies that all beds for homeless persons were included in the Housing Inventory Count (HIC) as reported on the Homelessness Data Exchange (HDX), regardless of HMIS participation and HUD funding: Yes

1G. Continuum of Care (CoC) Housing Inventory Count - Data Sources and Methods

Instructions:

Complete the following items based on data collection methods and reporting for the Housing Inventory Count (HIC), including Unmet need determination. The information should be based on a survey conducted in a 24-hour period during the last ten days of January 2011. CoCs were expected to report HIC data on the Homelessness Data Exchange (HDX).

Did the CoC submit the HIC data in HDX by May 31, 2011? Yes

If no, briefly explain why the HIC data was not submitted by May 31, 2011 (limit 750 characters).

Indicate the type of data sources or methods used to complete the housing inventory count: (select all that apply) HMIS plus housing inventory survey

Indicate the steps taken to ensure the accuracy of the data collected and included in the housing inventory count: (select all that apply) Follow-up, Updated prior housing inventory information, Training, Instructions, HMIS, Confirmation

Must specify other:

Indicate the type of data or method(s) used to determine unmet need: (select all that apply): HUD unmet need formula

Specify "other" data types:

If more than one method was selected, describe how these methods were used together (limit 750 characters):

2A. Homeless Management Information System (HMIS) Implementation

Intructions:

All CoCs are expected to have a functioning Homeless Management Information System (HMIS). An HMIS is a computerized data collection application that facilitates the collection of information on homeless individuals and families using residential or other homeless services and stores that data in an electronic format. CoCs should complete this section in conjunction with the lead agency responsible for the HMIS. All information should reflect the status of HMIS implementation as of the date of application submission.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

- Select the HMIS implementation coverage area:** Single CoC
- Select the CoC(s) covered by the HMIS: (select all that apply)** OH-501 - Toledo/Lucas County CoC
- Is the HMIS Lead Agency the same as the CoC Lead Agency?** Yes
- Does the CoC Lead Agency have a written agreement with the HMIS Lead Agency?** Not Applicable
- Has the CoC selected an HMIS software product?** Yes
- If "No" select reason:**
- If "Yes" list the name of the product:** ServicePoint
- What is the name of the HMIS software company?** Bowman Systems Inc.
- Does the CoC plan to change HMIS software within the next 18 months?** No
- Indicate the date on which HMIS data entry started (or will start): (format mm/dd/yyyy)** 11/01/2003
- Indicate the challenges and barriers impacting the HMIS implementation: (select all the apply):** None
- If CoC indicated that there are no challenges or barriers impacting HMIS implementation, briefly describe either why CoC has no challenges or how all barriers have been overcome (limit 1000 characters).**

Since its inception in November 2003, Toledo HMIS has employed policies, procedures and practices to identify, reduce and overcome barriers for implementation. This includes an active Advisory Committee made up of HMIS staff, TLCHB board members, Contributory HMIS Organizations, consumers and stakeholders. It meets monthly. Also included are: regular outreach and training to CHO"s and end-users; timely response to technical end-user issues; and adequate technical assistance response from vendor. Review, problem solving and improvement efforts are part and parcel of the Toledo HMIS project. Toledo HMIS is highly valued by key community partners. The City of Toledo and United Way of Greater Toledo both require HMIS participation for their funded homeless & homeless prevention projects.

If CoC identified one or more challenges or barriers impacting HMIS implementation, briefly describe how the CoC plans to overcome them (limit 1000 characters).

2B. Homeless Management Information System (HMIS) Lead Agency

Enter the name and contact information for the HMIS Lead Agency. This is the organization responsible for implementing the HMIS within a CoC. There may only be one HMIS Lead Agency per CoC.

Organization Name Toledo Lucas County Homelessness Board

Street Address 1 1946 N. 13th St. #437

Street Address 2

City Toledo

State Ohio

Zip Code 43604

Format: xxxxx or xxxxx-xxxx

Organization Type Non-Profit

If "Other" please specify

Is this organization the HMIS Lead Agency in more than one CoC? No

2C. Homeless Management Information System (HMIS) Bed Coverage

Instructions:

HMIS bed coverage measures the level of provider participation in a CoC's HMIS. Participation in HMIS is defined as the collection and reporting of client level data either through direct data entry into the HMIS or into an analytical database that includes HMIS data on an at least annual basis.

HMIS bed coverage is calculated by dividing the total number of year-round beds located in HMIS-participating programs by the total number of year-round beds in the Continuum of Care (CoC), after excluding beds in domestic violence (DV) programs. HMIS bed coverage rates must be calculated separately for emergency shelters, transitional housing, and permanent supportive housing.

The 2005 Violence Against Women Act (VAWA) Reauthorization bill restricts domestic violence provider participation in HMIS unless and until HUD completes a public notice and comment process. Until the notice and comment process is completed, HUD does not require nor expect domestic violence providers to participate in HMIS. HMIS bed coverage rates are calculated excluding domestic violence provider beds from the universe of potential beds.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

Indicate the HMIS bed coverage rate (%) for each housing type within the CoC. If a particular housing type does not exist anywhere within the CoC, select "Housing type does not exist in CoC" from the drop-down menu.

* Emergency Shelter (ES) Beds	76-85%
* Safe Haven (SH) Beds	86%+
* Transitional Housing (TH) Beds	86%+
* Permanent Housing (PH) Beds	86%+

How often does the CoC review or assess its HMIS bed coverage? At least Quarterly

If bed coverage is 0-64%, describe the CoC's plan to increase this percentage during the next 12 months:

2D. Homeless Management Information System (HMIS) Data Quality

Instructions:

HMIS data quality refers to the extent that data recorded in an HMIS accurately reflects the extent of homelessness and homeless services in a local area. In order for HMIS to present accurate and consistent information on homelessness, it is critical that all HMIS have the best possible representation of reality as it relates to homeless people and the programs that serve them. Specifically, it should be a CoC's goal to record the most accurate, consistent and timely information in order to draw reasonable conclusions about the extent of homelessness and the impact of homeless services in its local area. Answer the questions below related to the steps the CoC takes to ensure the quality of its data. In addition, CoCs will indicate their participation in the Annual Homelessness Assessment Report (AHAR) for 2010 and 2011 as well as whether or not they plan to contribute data to the Homelessness Pulse project in 2012.

For additional instructions, refer to the Exhibit 1 Detailed Instructions, which can be accessed on the left-hand menu bar.

Indicate the percentage of unduplicated client records with null or missing values on a day during the last ten days of January 2011.

Universal Data Element	Records with no values (%)	Records where value is refused or unknown (%)
* Social Security Number	0%	0%
* Date of Birth	3%	0%
* Ethnicity	6%	7%
* Race	5%	0%
* Gender	3%	0%
* Veteran Status	7%	2%
* Disabling Condition	13%	2%
* Residence Prior to Program Entry	6%	5%
* Zip Code of Last Permanent Address	8%	9%
* Name	0%	0%

How frequently does the CoC review the quality of program level data? At least Monthly

Describe the process, extent of assistance, and tools used to improve data quality for agencies participating in the HMIS (limit 750 characters):

A data quality improvement plan was put in place in November 2010 coupled with major end user training and briefing to agency leadership. Since then, we have issued draft monthly reports of data completeness and quality for new program entries, provided technical assistance and troubleshooting for agencies to make corrections and revisions, and then issued final reports. We issue YTD reports of the same quarterly. We also continue to host quarterly end user meetings; host semi-annual agency leadership meetings; provide email, phone, and on-site support; and provide quarterly reports of data incongruity and open enrollments.

Describe the existing policies and procedures used to ensure that valid program entry and exit dates are recorded in the HMIS (limit 750 characters):

We give providers quarterly reports of open enrollments to assist them in identifying clients who have mistakenly gone unexited or unentered, as well as providing monthly data completeness and quality reports which include all new clients entered each month. Starting in 2012, these reports will be consolidated into a single data quality and clients served report issued each month; the new report will cover all clients served in each reporting period, rather than just new entries.

- Indicate which reports the CoC or subset of the CoC submitted usable data: (Select all that apply)** 2010 AHAR, 2010 AHAR Supplemental Report on Homeless Veterans
- Indicate which reports the CoC or subset of the CoC plans to submit usable data: (Select all that apply)** 2011 AHAR, 2011 AHAR Supplemental Report on Homeless Veterans, 2011 PULSE

2E. Homeless Management Information System (HMIS) Data Usage

Instructions:

CoCs can use HMIS data for a variety of applications. These include, but are not limited to, using HMIS data to understand the characteristics and service needs of homeless people, to analyze how homeless people use services, and to evaluate program effectiveness and outcomes.

In this section, CoCs will indicate the frequency in which it engages in the following.

- Integrating or warehousing data to generate unduplicated counts
- Point-in-time count of sheltered persons
- Point-in-time count of unsheltered persons
- Measuring the performance of participating housing and service providers
- Using data for program management
- Integration of HMIS data with data from mainstream resources

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Indicate the frequency in which the CoC uses HMIS data for each of the following:

Integrating or warehousing data to generate unduplicated counts:	Never
Point-in-time count of sheltered persons:	At least Quarterly
Point-in-time count of unsheltered persons:	At least Annually
Measuring the performance of participating housing and service providers:	At least Annually
Using data for program management:	At least Quarterly
Integration of HMIS data with data from mainstream resources:	Never

2F. Homeless Management Information System (HMIS) Data and Technical Standards

Instructions:

In order to enable communities across the country to collect homeless services data consistent with a baseline set of privacy and security protections, HUD has published HMIS Data and Technical Standards. The standards ensure that every HMIS captures the information necessary to fulfill HUD reporting requirements while protecting the privacy and informational security of all homeless individuals.

Each CoC is responsible for ensuring compliance with the HMIS Data and Technical Standards. CoCs may do this by completing compliance assessments on a regular basis and through the development of an HMIS Policy and Procedures manual. In the questions below, CoCs are asked to indicate the frequency in which they complete compliance assessment.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

For each of the following HMIS privacy and security standards, indicate the frequency in which the CoC and/or HMIS Lead Agency complete a compliance assessment:

* Unique user name and password	At least Semi-annually
* Secure location for equipment	At least Semi-annually
* Locking screen savers	At least Semi-annually
* Virus protection with auto update	At least Semi-annually
* Individual or network firewalls	At least Semi-annually
* Restrictions on access to HMIS via public forums	At least Semi-annually
* Compliance with HMIS Policy and Procedures manual	At least Semi-annually
* Validation of off-site storage of HMIS data	At least Semi-annually

How often does the CoC Lead Agency assess compliance with the HMIS Data and Technical Standards? At least Semi-annually

How often does the CoC Lead Agency aggregate data to a central location (HMIS database or analytical database)? At least Monthly

Does the CoC have an HMIS Policy and Procedures manual? Yes

If 'Yes' indicate date of last review or update by CoC: 10/21/2010

If 'No' indicate when development of manual will be completed (mm/dd/yyyy):

2G. Homeless Management Information System (HMIS) Training

Instructions:

Providing regular training opportunities for homeless assistance providers that are participating in a local HMIS is a way that CoCs can ensure compliance with the HMIS Data and Technical Standards. In the section below, CoCs will indicate how frequently they provide certain types of training to HMIS participating providers.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

Indicate the frequency in which the CoC or HMIS Lead Agency offers each of the following training activities:

* Privacy/Ethics training	At least Quarterly
* Data Security training	At least Quarterly
* Data Quality training	At least Quarterly
* Using Data Locally	At least Semi-annually
* Using HMIS data for assessing program performance	At least Semi-annually
* Basic computer skills training	Never
* HMIS software training	At least Quarterly

2H. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulation: Point-In-Time (PIT) Count

Instructions:

The purpose of the point-in-time count is to further understand the number and characteristics of people sleeping on the streets, including places not meant for human habitation, emergency shelters, and transitional housing. Although CoCs are only required to conduct a point-in-time count every two years, HUD strongly encourages CoCs to conduct a point-in-time count annually.

CoCs are to indicate how frequently they will conduct a point-in-time count and what percentage of their homeless service providers participated. CoCs will also describe if there was an increase, decrease, or no change between the most recent point-in-time count and the one prior. CoCs are to indicate in the narrative which years are being compared.

How frequently does the CoC conduct a point-in-time count? annually (every year)

***Indicate the date of the most recent point-in-time count (mm/dd/yyyy):** 01/26/2011

If the CoC conducted the point-in-time count outside the last 10 days in January, was a waiver from HUD obtained prior to January 19, 2011? No

Did the CoC submit the point-in-time count data in HDX by May 31, 2011? Yes

If no, briefly explain why the point-in-time data was not submitted by May 31, 2011 (limit 750 characters).

Enter the date in which the CoC plans to conduct its next point-in-time count: (mm/dd/yyyy) 01/25/2012

Indicate the percentage of homeless service providers supplying population and subpopulation data for the point-in-time count that was collected via survey, interview, and/or HMIS.

Emergency Shelter: 90-99%
Transitional Housing: 90-99%

Comparing the most recent point-in-time count to the previous point-in-time count, describe any factors that may have resulted in an increase, decrease, or no change in both the sheltered and unsheltered population counts (limit 1500 characters).

The increase of 122 in PIT in 2011 is attributed to two reasons: first, the Toledo Lucas County CoC continues to improve its unsheltered count procedures; and second, Toledo Lucas County is experiencing high unemployment and an increase in the numbers of citizens experiencing poverty.

2I. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulations: Methods

Instructions:

Accuracy of the data reported in point-in-time counts is vital. Data produced from these counts must be based on reliable methods and not on "guesstimates." CoCs may use one or more method(s) to count sheltered homeless persons. This form asks CoCs to identify and describe which method(s) were used to conduct the point-in-time counts. The description should demonstrate how the method(s) was used to produce an accurate count.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

**Indicate the method(s) used to count sheltered homeless persons during the last point-in-time count:
(Select all that apply):**

Survey Providers:	<input checked="" type="checkbox"/>
HMIS:	<input checked="" type="checkbox"/>
Extrapolation:	<input checked="" type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

Describe the methods used by the CoC, as indicated by the above selected method(s), to collect data on the sheltered homeless population during the most recent point-in-time count. Response should indicate how the method(s) selected above were used in order to produce accurate data (limit 1500 characters):

The HMIS Director with the Toledo Area Alliance to End Homelessness Point-in-Time Committee in cooperation with the State of Ohio state wide count committee developed and implemented an action plan that included: assuring all CoC operating shelters & transitional housing projects were made aware of the PIT date and elements needed; informing CHO's that HMIS data would be the count used; HMIS generated-PIT counts were shared with CHO's on a weekly basis for no less than three weeks prior to PIT to alert any problem areas of incompleteness. Surveys were utilized for those couple of agencies that are not included in HMIS. In the case of providers unwilling or unable to provide PIT data, counts were extrapolated based on their historic PIT data and any adjustments to their total bed counts.

2J. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Data Collection

Instructions:

CoCs are required to produce data on seven subpopulations. These subpopulations are: chronically homeless, severely mentally ill, chronic substance abuse, veterans, persons with HIV/AIDS, victims of domestic violence, and unaccompanied youth (under 18). Subpopulation data is required for sheltered homeless persons and, with the exception of chronically homeless and veterans, optional for unsheltered persons. Sheltered chronically homeless persons are those living in emergency shelters only.

The definition of chronically homeless persons is an unaccompanied individual with a disabling condition, or an adult member of a family with a disabling condition, who meets all other requirements for chronic homeless designation. CoCs may use a variety of methods to collect subpopulation information on sheltered homeless persons and may utilize more than one in order to produce the most accurate data. This form asks CoCs to identify and describe which method(s) were used to gather subpopulation information for sheltered populations during the most recent point-in-time count. The description should demonstrate how the method(s) was used to produce an accurate count.

For additional instructions, refer to the Exhibit 1 Detailed Instructions which can be accessed on the left-hand menu bar.

Indicate the method(s) used to gather and calculate subpopulation data on sheltered homeless persons (select all that apply):

	HMIS	<input type="checkbox"/>
	HMIS plus extrapolation:	<input checked="" type="checkbox"/>
Sample of PIT interviews plus extrapolation:		<input type="checkbox"/>
	Sample strategy:	
	Provider expertise:	<input type="checkbox"/>
	Interviews:	<input type="checkbox"/>
	Non-HMIS client level information:	<input checked="" type="checkbox"/>
	None:	<input type="checkbox"/>
	Other:	<input type="checkbox"/>

If Other, specify:

Describe the methods used by the CoC, based on the selections above, to collect data on the sheltered homeless subpopulations during the most recent point-in-time count. Response should indicate how the method(s) selected above were used in order to produce accurate data on all of the sheltered subpopulations (limit 1500 characters):

Counts were pulled from HMIS data using the same communication and collaboration outlined in 2I for all CHO's. Paper surveys were distributed to non CHO providers; in the case of providers unwilling or unable to provide PIT data, counts were extrapolated based on their historic PIT data and any adjustments to their total bed counts.

2K. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Data Quality

Instructions:

The data collected during point-in-time counts is vital for CoCs and HUD. Communities need accurate data to determine the size and scope of homelessness at the local level to plan services and programs that will appropriately address local needs and measure progress in addressing homelessness. HUD needs accurate data to understand the extent and nature of homelessness throughout the country and to provide Congress and OMB with information regarding services provided, gaps in service, performance, and funding decisions. It is vital that the quality of data reported accurate and of high quality. CoCs may undertake once or more actions to improve the quality of the sheltered population data.

For additional instructions, refer to the Exhibit 1 Detailed Instructions which can be accessed on the left-hand menu bar.

**Indicate the method(s) used to verify the data quality of sheltered homeless persons:
(select all that apply)**

Instructions:	<input type="checkbox"/>
Training:	<input checked="" type="checkbox"/>
Remind/Follow-up	<input checked="" type="checkbox"/>
HMIS:	<input checked="" type="checkbox"/>
Non-HMIS de-duplication techniques:	<input type="checkbox"/>
None:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

If selected, describe the non-HMIS de-duplication techniques used by the CoC to ensure the data quality of the sheltered persons count (limit 1000 characters).

Describe the methods used by the CoC, based on the selections above, to collect data on the sheltered homeless subpopulations during the most recent point-in-time count. Response is to indicate how the method(s) selected above were used in order to produce accurate data on all of the sheltered subpopulations (limit 1500 characters):

As outlined in 2I and 2J, providers and volunteers from the Toledo Area Alliance to End Homelessness were provided instructions, trained, and/or given preliminary HMIS reports in anticipation of the PIT count. Additionally, clients appearing on HMIS-generated PIT counts were spot-checked against identifiers solicited from unsheltered interviewees to ensure unduplicated counts.

2L. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Methods

Instructions:

Accuracy of the data reported in point-in-time counts is vital. Data produced from these counts must be based on reliable methods and not on "guesstimates." CoCs may use one or more methods to count unsheltered homeless persons. This form asks CoCs to identify which method(s) they use to conduct their point-in-time counts.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

Indicate the method(s) used during the most recent point-in-time count of unsheltered homeless persons: (select all that apply)

Public places count:	<input type="checkbox"/>
Public places count with interviews:	<input checked="" type="checkbox"/>
Service-based count:	<input type="checkbox"/>
HMIS:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

Describe the method(s) used by the CoC based on the selections above, to count unsheltered homeless populations during the most recent point-in-time count. Response should indicate how the method(s) selected above were used in order to obtain accurate data (limit 1500 characters).

Volunteers and provider staff conducted interviews at day-stay shelters, meal sites, and known unsheltered homeless congregant sites (parks, public places), collected responses and non-identifying information to construct a key for de-duplication of record sets and comparison to HMIS-generated rosters for PIT counts

2M. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Level of Coverage

Instructions:

CoCs may utilize several methods when counting unsheltered homeless persons. CoCs need to determine what area(s) they will go to in order to count this population. For example, CoCs may canvas an entire area or only those locations where homeless persons are known to sleep. CoCs are to indicate the level of coverage incorporated when conducting the unsheltered count.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

Indicate where the CoC located the unsheltered homeless persons (level of coverage) that were counted in the last point-in-time count: A Combination of Locations

If Other, specify:

2N. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Data Quality

Instructions:

The data collected during point-in-time counts is vital for CoCs and HUD. Communities need accurate data to determine the size and scope of homelessness at the local level to plan services and programs that will appropriately address local needs and measure progress in addressing homelessness. HUD needs accurate data to understand the extent and nature of homelessness throughout the country and to provide Congress and OMB with information regarding services provided, gaps in service, performance, and funding decisions. It is vital that the quality of data reported is accurate and of high quality. CoCs may undertake one or more actions to improve the quality of the sheltered population data.

All CoCs should engage in activities to reduce the occurrence of counting unsheltered persons more than once during the point-in-time count. The strategies are known as de-duplication techniques. De-duplication techniques should always be implemented when the point-in-time count extends beyond one night or takes place during the day at service locations used by homeless persons that may or may not use shelters. CoCs are to describe de-duplication techniques used in the point-in-time count. CoCs are also asked to describe outreach efforts to identify and engage homeless individuals and families.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Indicate the steps taken by the CoC to ensure the quality of the data collected for the unsheltered population count: (select all that apply)

Training:	<input checked="" type="checkbox"/>
HMIS:	<input checked="" type="checkbox"/>
De-duplication techniques:	<input checked="" type="checkbox"/>
"Blitz" Count:	<input type="checkbox"/>
Unique Identifier:	<input checked="" type="checkbox"/>
Survey Question:	<input checked="" type="checkbox"/>
Enumerator Observation:	<input checked="" type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

Describe the techniques, as selected above, used by the CoC to reduce the occurrence of counting unsheltered homeless persons more than once during the most recent point-in-time count (limit 1500 characters):

All interviewees were asked if they had been interviewed previously on that day concerning their homeless status. If the answer was no, the interviewer continued to complete the survey with the person. If Yes, the interviewer engaged with the person for referral assistance if needed. Surveys were reviewed by members of the Point In Time committee for any verifiable duplications of known values, e.g. same identifier, same place. None were identified.

Describe the CoCs efforts to reduce the number of unsheltered homeless households with dependent children. Discussion should include the CoCs outreach plan (limit 1500 characters):

Greater Toledo of United Way 211 is a broad comprehensive Information and Referral network which maintains an updated referral/resource data-base. It has a large outreach emphasis including media and periodically conducts training sessions with all local providers to keep its database fresh and relevant. They screen and refer thousands of calls each month. Our local HPRP project includes a Centralized Intake and Assessment component housed and administered by 211. Each and every 211 Information and Referral Specialist is trained on identifying households who are homeless and/or at risk of homelessness so as to refer them to appropriate homeless prevention and/or homeless service program. It is the CoC's intention to keep and expand Centralized Intake beyond HPRP utilizing ESG and CoC SHP funds. Another component of the local HPRP requires one of the four agencies providing HPRP services concentrate on outreach and service to families with children in school so as to assure school and housing stability. No less than 60% of all HPRP assisted households are households with children. Prevention activities beyond HPRP will continue to emphasize outreach to households with children. These prevention activities coupled with a more rapid placement into permanent housing with services are intended to reduce the number of homelessness episodes for households with children.

Describe the CoCs efforts to identify and engage persons that routinely sleep on the streets or other places not meant for human habitation (limit 1500 characters):

Continuum has a PATH program and workers who daily engage with unsheltered homeless. In addition, there are several faith-based organizations providing food, hygiene kits, clothes, and service referrals. And the community holds an annual homeless awareness event that provides basic needs and referral services to the unsheltered homeless. Our most recent PIT has a 40% decrease in unsheltered homeless due in large part to the broad 211 outreach, HPRP program and the effectiveness of above outreach efforts to connect folks to services.

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 1: Create new permanent housing beds for chronically homeless persons.

Instructions:

Ending chronic homelessness continues to be a HUD priority. CoCs can do this by creating new permanent housing beds that are specifically designated for this population. In the FY2010 NOFA, chronically homeless persons were defined as an unaccompanied homeless individual with a disabling condition, or a family where at least one adult member had a disabling condition, who has either been continuously homeless for at least a year OR has had at least four episodes of homelessness in the past three (3) years.

CoCs are to describe the short-term and long-term plans for creating new permanent housing beds for chronically homeless persons who meet the definition of chronically homeless. CoCs will also indicate the current number of permanent housing beds designated for chronically homeless persons. This number should match the number of beds reported in the FY2011 Housing Inventory Count (HIC) and enter into the Homeless Data Exchange (HDX). CoCs will then enter the number of permanent housing beds expected to be in place in 12 months, 5 years, and 10 years. These future estimates should be based on the definition of chronically homeless.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

- How many permanent housing beds are currently in place for chronically homeless persons?** 266
- In 12 months, how many permanent housing beds designated for chronically homeless persons are planned and will be available for occupancy?** 282
- In 5 years, how many permanent housing beds designated for chronically homeless persons are planned and will be available for occupancy?** 302
- In 10 years, how many permanent housing beds designated for chronically homeless persons are planned and will be available for occupancy?** 312

Describe the CoC's short-term (12 month) plan to create new permanent housing beds for persons who meet HUD's definition of chronically homeless (limit 1000 characters):

The newly awarded bonus project of our FY2010 CoC grant will quickly add 16 new PH beds into the system through leasing.

Describe the CoC's long-term (10 year) plan to create new permanent housing beds for persons who meet HUD's definition of chronically homeless (limit 1000 characters):

TLCHB's top priority is to secure the political will and resources to meet the 46 additional units needed over the next ten years. The FY2011 CoC SHP application includes a bonus project adding 16 units of permanent supportive housing beds for chronically homeless veterans. The CoC intends to consider and implements HHN reallocation in this area in a manner so as to duplicate the best practices of recent additions. TLCHB will continue to partner with the City of Toledo Department of Neighborhoods, the Lucas County Commissioners, the Lucas Metropolitan Housing Authority, the Ohio Department of Development and the Ohio Supportive Housing for the Homeless Alliance to secure resources and best practice initiatives and programs. In addition, whenever possible without causing service deficiency, the CoC will encourage the conversion of its TH beds to PSH.

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 2: Increase the percentage of participants remaining in CoC funded permanent housing projects for at least six months to 77 percent or more.

Instructions:

Increasing self-sufficiency and stability of permanent housing program participants is an important outcome measurement of HUD's homeless assistance programs. Each SHP-PH and S+C project is expected to report the percentage of participants remaining in permanent housing for more than six months on its Annual Performance Report (APR). CoCs then use this data from all of its permanent housing projects to report on the overall CoC performance on form 4C. Continuum of Care (CoC) Housing Performance.

In this section, CoCs are to describe short-term and long-term plans for increasing the percentage of participants remaining in all of its CoC-funded permanent housing projects (SHP-PH or S+C) to at least 77 percent. CoCs will indicate the current percentage of participants remaining in these projects, as indicated on form 4C, as well as the expected percentage in 12 months, 5 years, and 10 years. CoCs that do not have any CoC-funded permanent housing projects (SHP-PH or S+C) for which an APR was required should indicate this by entering "0" in the numeric fields and note in the narratives.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

What is the current percentage of participants remaining in CoC-funded permanent housing projects for at least six months? 82

In 12 months, what percentage of participants will have remained in CoC-funded permanent housing projects for at least six months? 82

In 5 years, what percentage of participants will have remained in CoC-funded permanent housing projects for at least six months? 85

In 10 years, what percentage of participants will have remained in CoC-funded permanent housing projects for at least six months? 85

Describe the CoCs short-term (12 month) plan to increase the percentage of participants remaining in CoC-funded permanent housing projects for at least six months to 77 percent or higher (limit 1000 characters):

The achievement of this is due in great part to the on-going work of the Toledo Area Alliance to End Homelessness (TAAEH), a consortium of service providers. The information shared, problem solving and collaborations formed, formal and informal, provide the support network necessary to assist a household remain in housing. In addition, TAAEH promotes best practices models of case management and works closely with the county's employment center, the Source where clients receive job readiness and job seeking assistance. Collaborative solutions are highly valued, encouraged, developed and assessed by TLCHB, with its PSH partners so as to reduce eviction and leavers vacating to non-permanent housing destinations. PSH providers who do not share this same value score low in competitive grants and risk loss of current funding controlled/influenced by TLCHB,

Describe the CoCs long-term (10 year) plan to increase the percentage of participants remaining in CoC-funded permanent housing projects for at least six months to 77 percent or higher (limit 1000 characters):

TAAEH and the Toledo Lucas County Homelessness Board (TLCHB) will continue all of the above. In addition, TLCHB will work closely with the local metropolitan housing authority, a member of TLCHB to secure the resources necessary to provide housing units and/or subsidy needs of the homeless

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 3: Increase the percentage of participants in CoC-funded transitional housing that move into permanent housing to 65 percent or more.

Instructions:

The transitional housing objective is to help homeless individuals and families obtain permanent housing and self-sufficiency. Each SHP-TH project is expected to report the percentage of participants moving to permanent housing on its Annual Performance Report (APR). CoCs then use this data from all of the CoC-funded transitional housing projects to report on the overall CoC performance on form 4C. Continuum of Care (CoC) Housing Performance.

In this section, CoCs are to describe short-term and long-term plans for increasing the percentage of transitional housing participants who move from SHP-TH projects into permanent housing to at least 65 percent or more. CoCs will indicate the current percentage of SHP-TH project participants moving into permanent housing as indicated on form 4C, as well as the expected percentage in 12 months, 5 years, and 10 years. CoCs that do not have any CoC funded transitional housing projects (SHP-TH) for which an APR was required should enter "0" in the numeric fields below and note in the narratives.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

What is the current percentage of participants in CoC-funded transitional housing projects will have moved to permanent housing? 81

In 12 months, what percentage of participants in CoC-funded transitional housing projects will have moved to permanent housing? 83

In 5 years, what percentage of participants in CoC-funded transitional housing projects will have moved to permanent housing? 85

In 10 years, what percentage of participants in CoC-funded transitional housing projects will have moved to permanent housing? 90

Describe the CoCs short-term (12 month) plan to increase the percentage of participants in CoC-funded transitional housing projects that move to permanent housing to 65 percent or more (limit 1000 characters).

We continue to exceed this threshold in great part because of the collegial spirit and cooperative work within the Toledo Area Alliance to End Homelessness, the on-going work of the TLCHB Coordinated Services and Homeless Prevention committees which monitor and advise the local HPRP project and other prevention and placement projects within into continuum. The local HPRP program managed by TLCHB has made the transition to permanent housing more achievable and permanent.

Describe the CoCs long-term (10 year) plan to increase the percentage of participants in CoC-funded transitional housing projects that move to permanent housing to 65 percent or more (limit 1000 characters):

TAAEH and the Toledo Lucas County Homelessness Board (TLCHB) will continue all of the above.

In addition, the collaborative emphasis and activities for housing stability of our local HPRP project has provided the CoC a successful model to develop and resource beyond HPRP. TLCHB in partnership with City of Toledo, United Way of Greater Toledo, Lucas Metropolitan Housing Authority, Jobs and Family Services, Veterans Service Commission and Lucas County Mental Health Board are committed to the development and implementation of a comprehensive community wide rapid housing and homeless prevention project beyond HPRP.

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 4: Increase percentage of participants in all CoC-funded projects that are employed at program exit to 20 percent or more.

Instructions:

Employment is a critical step for homeless persons to achieve greater self-sufficiency, which represents an important outcome that is reflected both in participants' lives and the health of the community. Each CoC-funded project (excluding HMIS dedicated only projects) is expected to report the percentage of participants employed at exit on its Annual Performance Report (APR). CoCs then use this data from all of its non-HMIS projects to report on the overall CoC performance on form 4D. Continuum of Care (CoC) Enrollment in Mainstream Programs and Employment Information.

In this section, CoCs are to describe short-term and long-term plans for increasing the percentage of all CoC-funded program participants that are employed at program exit to 20 percent or more. CoCs will indicate the current percentage of project participants that are employed at program exit, as reported on 4D, as well as the expected percentage in 12 months, 5 years, and 10 years. CoCs that do not have any CoC-funded non-HMIS dedicated projects (SHP-PH, SHP-TH, SHP-SH, SHP-SSO, or Sac TRA/SRA/PRA/SRO) for which an APR was required should enter "0" in the numeric fields below and note in the narratives.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

What is the current percentage of participants in all CoC-funded projects that are employed at program exit? 25

In 12 months, what percentage of participants in all CoC-funded projects will be employed at program exit? 28

In 5 years, what percentage of participants in all CoC-funded projects will be employed at program exit? 35

In 10 years, what percentage of participants in all CoC-funded projects will be employed at program exit? 40

Describe the CoCs short-term (12 month) plan to increase the percentage of participants in all CoC-funded projects that are employed at program exit to 20 percent or more (limit 1000 characters).

Toledo Lucas County CoC continues to gradually exceed this threshold, reaching 26% in 2010 and 25% in 2011 in a historic high unemployment time for its community. This increase can only be attributed to again the cooperative spirit and collaborative work the Toledo Area Alliance to End Homelessness and the committee work of TLCHB. The Director of the Source, the County's one-stop employment assistance agency, serves on the TLCHB and staff attends TAAEH meeting keeping providers and clients aware of employment / training opportunities. Homeless clients are treated with respect and with expectation that they will present an employable attitude and continue to improve their employment potential.

Describe the CoCs long-term (10 year) plan to increase the percentage of participants in all CoC-funded projects who are employed at program exit to 20 percent or more (limit to 1000 characters):

We will continue to do the above, seeking and adhering to best practices to achieve and secure employment. The CoC intends to have a coordinated entry system in place by summer 2012. Access to services will include a comprehensive assessment identifying needs and barriers, including employment concerns. This area will be of primary importance in the delivery of services, access to mainstream resources and housing placement. And in all candor, we are hopeful that are employment situation will improve in 10 years!

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 5: Decrease the number of homeless households with children.

Instructions:

Ending homelessness among households with children, particularly for those households living on the streets or other places not meant for human habitation, is an important HUD priority. CoCs can accomplish this goal by creating new beds and/or providing additional supportive services for this population.

In this section, CoCs are to describe short-term and long-term plans for decreasing the number of homeless households with children, particularly those households that are living on the streets or other places not meant for human habitation. CoCs will indicate the current total number of households with children that was reported on their most recent point-in-time count. CoCs will also enter the total number of homeless households with children they expect to report on in the next 12 months, 5 years, and 10 years.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

What is the current total number of homeless households with children as reported on the most recent point-in-time count? 108

In 12 months, what will be the total number of homeless households with children? 95

In 5 years, what will be the total number of homeless households with children? 75

In 10 years, what will be the total number of homeless households with children? 15

Describe the CoCs short-term (12 month) plan to decrease the number of homeless households with children (limit 1000 characters):

The primary step the CoC will take to reduce the number of households with children is to increase its outreach and homelessness prevention services to households with children that are most at risk of becoming homeless. This is a primary emphasis of the local HPRP program. Transitional housing with comprehensive employment and child care services remains a high priority.

Describe the CoCs long-term (10 year) plan to decrease the number of homeless households with children (limit 1000 characters):

We will continue as noted above. The downturn in the economy is affecting more and more families. Legal aide services, community resource centers and the local 2-1-1 proactively offer housing stability opportunities and efforts to families who both homeless and those who are at imminent risk of becoming homeless.

3B. Continuum of Care (CoC) Discharge Planning

Instructions:

The McKinney-Vento Act requires that State and local governments have policies and protocols in place to ensure that persons being discharged from publicly-funded institutions or systems of care are not discharged immediately into homelessness. To the maximum extent practicable, Continuums of Care should demonstrate how they are coordinating with and/or assisting in State or local discharge planning efforts to ensure that discharged persons are not released directly to the streets, emergency homeless shelters, or other McKinney-Vento homeless assistance programs (SHP, S+C, SRO). For each system of care, CoCs are to address the following:

What: Describe the efforts that the CoC has taken to ensure that persons are not routinely discharged into homelessness. In the case of Foster Care, CoCs should specifically address the discharge of youth ageing out from the foster care system. If there is a State mandate that requires publicly funded institutions to ensure appropriate housing placement, that does not include homelessness, indicate this in the narrative.

Where: Indicate where persons routinely go upon discharge. Response should identify alternative housing options that are available for discharged persons other than the streets, emergency homeless shelters, and/or McKinney-Vento homeless assistance programs.

Who: Identify stakeholders and/or collaborating agencies that are responsible for ensuring that persons being discharged from system of care are not routinely discharged into homelessness.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

For each system of care identified below describe the CoC's efforts in coordinating with and/or assisting in the development of local discharge planning policies that ensure persons are not routinely discharged into homelessness, including the streets, emergency homeless shelters, or other McKinney-Vento homeless assistance housing programs. Review ALL instructions to ensure that each narrative is fully responsive (limit 1500 characters).

Foster Care (Youth Aging Out):

Per state policy: all public children service agency (PCSA) are to provide appropriate services and support to former foster care recipients, including assuring that the youth aging out do not exit into homelessness. Independent living services that are available to young adults aged eighteen to twenty-one include: daily living skills, assistance in obtaining a diploma or GED, entering post secondary education or training, career exploration, vocational training, job placement and retention, preventative health activities, financial, housing, employment, education and self-esteem counseling, drug and alcohol abuse prevention and treatment.

Locally, if a child is 16 years or older must have a written independent living plan to achieve self-sufficiency developed within thirty days of the completion of an assessment. Most exit into permanent housing, fraction of which is subsidized. However, stability and sustainability remain an issue.

Our local PCSA has active membership on TLCHB and keeps TLCHB informed of its efforts to reduce the experience of homelessness for those aging out of foster care. Working closely with our local PCSA and other local concerned entities, TLCHB will review and revise local housing placement strategies, policies, and procedures for this population for CoC consideration and adoption in 2012.

Health Care:

Ohio law governs the transfer and discharge of residents in nursing homes, residential care facilities, adult care facilities, and community alternative homes. As the licensing agency for these facilities, the Department of Health further expounds on the transfer and discharge rights of residents facing discharge. The Department ensures that these provider types follow the appropriate regulations regarding transfer, discharge, or both, by reviewing documentation that the facility has initiated discharge planning and that alternatives have been explored and exhausted prior to discharge.

Although Ohio does not license hospitals, ODH as the State Survey Agency for Medicare, surveys hospitals for compliance with Medicare certification regulations related to resident discharge rights and discharge planning for premature discharge and requirements for planning for patients' needs after discharge.

The two main local hospital systems have active membership within TLCHB, one as an active board member and the other serves on the homeless prevention committee. Both of these committees review local protocols and needs of hospitals so as to mutually seek solutions to reduce episodes of homelessness for those exiting health care institutions.

Working closely with our local health care providers TLCHB will review and recommend local discharge strategies, policies, and procedures to eliminate discharge to homelessness for CoC consideration and adoption in 2012.

Mental Health:

It is the policy of Ohio Department of Mental Health that homeless shelters are not appropriate living arrangements for persons with mental illness therefore patients being discharged from ODMH Behavioral Health entities are not to be discharged to a shelter or to the street.

The Lucas County Mental Health and Recovery Services Board works closely with said entities to assure approved emergency housing plans are in place in the event their clients undergo unexpected residential change, and that the board's contracted agencies must exhaust all reasonable efforts to locate suitable housing options for patients being discharged. Patients may relocate from community housing options to homeless shelters only after the responsible board or contract agency has been involved in the decision making process and it is the expressed wish of the affected person and other placement options have been offered to the affected person and refused. Persons may not be discharged or relocated to homeless shelters for the convenience of staff, as a punitive measure, or for expediency.

The director of the Lucas County Mental Health and Recovery Services Board has an active membership within TLCHB. The MHR SB, TLCHB and our local PHA work closely together to monitor the unmet housing needs of those being served by the mental health network so as to coordinate efforts, develop programs and allocate housing resources to meet them.

Corrections:

The Ohio Department of Rehabilitation and Correction policy is to not discharge persons to the streets or a shelter. Reentry planning must address an offender's needs, linkages to the community and appropriate supervision activities subsequent to release.

Prior to release, case managers assist in determining potential housing options for release, review with offenders the need for appropriate documents, assist the offender in acquiring those documents, make appropriate community linkages for offenders with substance abuse, mental health diagnoses and medical concerns. Offenders are offered release preparation classes to address job searching and retention, community resources, and substance abuse, mental health and medical issues.

Transition/release planning for all youth offenders begins within 60 days of admission to an ODYS facility and continues for the duration of commitment. For those youth who are committed to ODYS until a date equal to or near their 21st birthday, transition/release planning requires a formal case staffing process to begin one year prior to release.

A local Re-Entry advocacy and service consortium monitors adherence to this state policy and works closely with the Correction Institutions within Lucas County and bordering counties to inform and assist said institutions with appropriate resources to assure that those being released will do so into permanent housing.

3C. Continuum of Care (CoC) Coordination

Instructions:

A CoC should regularly assess its local homeless assistance system and identify gaps and unmet needs. CoCs can improve their communities through long-term strategic planning. CoCs are encouraged to establish specific goals and implement short-term action steps. Because of the complexity of existing homeless systems and the need to coordinate multiple funding sources and priorities, there are often multiple long-term strategic planning groups. It is imperative for CoCs to coordinate, as appropriate, with each of these existing strategic planning groups to meet local needs.

For additional instructions, refer to the *Exhibit 1 Detailed Instructions* which can be accessed on the left-hand menu bar.

Does the Consolidated Plan for the jurisdiction(s) that make up the CoC include the CoC strategic plan goals for addressing homelessness? Yes

If yes, list the goals in the CoC strategic plan that are included in the Consolidated Plan: Increase % of persons moving to permanent housing from emergency shelter and transitional housing. Ensure 100% participation of all locally funded homeless service providers in the Continuum of Care. Implement the strategy and plan to end homelessness.

Describe how the CoC is participating in or coordinating with the local Homeless Prevention and Rapid re-housing Program (HPRP) initiative, as indicated in the substantial amendment to the Consolidated Plan 2008 Action Plan (1500 character limit):

TLCHB is a managing partner with the City of Toledo Department of Neighborhoods (DON) of our local HPRP project, a collaborative effort of nine CoC entities: DON (Financial Services/Fiscal Oversight); EOPA (a Community Action Agency) FOCUS, Inc.; Lucas County TASC; Lutheran Social Services NWO; TLCHB (Project Manager); Toledo Area Ministries; and United Way of Greater Toledo. HPRP furthers the goals of the Toledo Lucas County Community Alliances and Strategic Efforts to Prevent, Reduce and End Homelessness, the key strategy within the Consolidated Plan addressing homelessness and its prevention in our community. Specifically in reducing the numbers of households entering homelessness; coordinating services so as to eliminate duplication of efforts and increase a more deliberate emphasis for rapid housing placement in safe, stable and affordable housing. This partnership is overseen by Implementation/Management Teams made up of staff of DON, TLCHB and community stakeholders. It has instituted three new collaborative efforts: Coordinated Intake and Assessment; Common Case Management Services; and Centralized Housing Placement Assistance. HPRP stabilization services assists HPRP clients access and acquire all eligible and available mainstream resources, including cash assistance, supportive services, housing assistance, health care, job-training, and food and nutrition services. HPRP funds assists individuals and families who would be homeless but for the HPRP assistance.

Describe how the CoC is participating in or coordinating with any of the following: Neighborhood Stabilization Program (NSP) initiative, HUD VASH, or other HUD managed American Reinvestment and Recovery Act programs (2500 character limit)?

The CoC is one of the partners with the Lucas County Workforce Investment Board ARRA project, Pathways Out of Poverty, grant from the Department of Labor-Employment and Training Administration. CASE-HPRP will assist participants of this program who are renters at imminent risk of losing their housing or who are currently homeless achieve housing stability. TLCHB served on the planning committee of the local Neighborhood Stabilization Program and continues to consult with the program.

Indicate if the CoC has established policies that require homeless assistance providers to ensure all children are enrolled in school and connected to appropriate services within the community? Yes

If yes, please describe the established policies that are in currently in place.

The local adopted standards of the CoC require that all CoC agencies inform households with school age children of and are connected to Title 1 benefits. Providers are required to ensure that all school age children within their program are enrolled in school. All CoC providers are required to connect clients with the Ohio Benefit Bank and to assist clients access any identified benefit. Agencies failing to meet these obligations are noted as out of compliance and a remedy of correction is given. If correction is not adopted, the agency risks losing funding.

Describe the CoC's efforts to collaborate with local education agencies to assist in the identification of homeless families and inform them of their eligibility for McKinney-Vento education services. (limit 1500 characters)

The primary local education agency, Toledo Public School System, has an identified lead within the administration to supervise efforts to connect children experiencing homelessness with all eligible McKinney-Vento education services. This person serves on the CoC (TLCHB) Homeless Prevention Committee and TAAEH, the local consortium of service providers. An additional TPS staff person works directly with all shelters serving children to identify and connect homeless children to educational services and to assure children receive assistance for transportation, supplies and uniforms. TLCHB director serves on the TPS Title 1 Advisory Committee.

Describe how the CoC has, and will continue, to consider the educational needs of children when families are placed in emergency or transitional shelter. (limit 1500 characters)

TLCHB will continue review, revise as needed and continue require its providers connect all school age children served with educational resources. The previously described comprehensive assessment of coordinated entry system projected for start-up mid-2012 will identifying educational needs of all members of household seeking services, with special emphasis for school age children. This area will be of primary importance in the delivery of services and housing placement.

Describe the CoC's current efforts to combat homelessness among veterans. Narrative should identify organizations that are currently serving this population, how this effort is consistent with CoC strategic plan goals, and how the CoC plans to address this issue in the future.(limit 1500 characters)

As noted, the CoC has included a bonus project designed specifically to address housing and services for chronic homeless veterans in the FY201 application. TLCHB in partnership with three CoC entities, including the VA applied for a Support Services for Veteran Families grant. Though this was not funded, the VA grant review encouraged TLCHB to apply again when additional dollars become available. Our local PHA administers HUD-VASH vouchers (50) in partnership with the VA Homeless Services and Outreach program. The latter is very active in the CoC and keeps street homeless veterans engaged in services and placed in permanent housing. TLCHB is recruiting a representative from both the VA and the Lucas County Veteran Services Commission to join its board in 2012.

Describe the CoC's current efforts to address the youth homeless population. Narrative should identify organizations that are currently serving this population, how this effort is consistent with the CoC strategic plan goals, and the plans to continue to address this issue in the future (limit 1500 characters):

With the exception of working closing with our Public Children Services Association, the CoC has not developed a comprehensive strategy for this population. While the CoC has anecdotal evidence that there is a growing youth population at-risk of homelessness, neither the Point in Time or street outreach, or requests for services have identified this population as homeless.

3D. Hold Harmless Need (HHN) Reallocation

Instructions:

Continuum of Care (CoC) Hold Harmless Need (HHN) Reallocation is a process whereby an eligible CoC may reallocate funds in whole or in part from SHP renewal projects to create one or more new permanent housing projects and/or a new dedicated HMIS project. A CoC is eligible to use HHN Reallocation if its Final Pro Rata Need (FPRN) is based on its HHN amount or if it is a newly approved merged CoC that used the Hold Harmless Merger process during the FY2011 CoC Registration process.

The HHN Reallocation process allows eligible CoCs to fund new permanent housing or dedicated HMIS projects by transferring all or part of funds from existing SHP grants that are eligible for renewal in Fy2011 into a new project. New reallocated permanent housing projects may apply under SHP (one, two, or three years), S+C (five or ten years), and Section 8 Moderate Rehabilitation (ten years). New reallocated HMIS projects may be for one, two, or three years.

A CoC whose FPRN is based on its Preliminary Pro Rata Need (PPRN) is not eligible to reallocate existing projects through this process and should therefore always select "No" to the questions below.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

Does the CoC want to reallocate funds from one or more expiring SHP grant(s) into one or more new permanent housing or dedicated HMIS project(s)? No

Is the CoCs Final Pro Rata Need (FPRN) based on either its Hold Harmless Need (HHN) amount or the Hold Harmless Merger process? Yes

CoCs who are in PPRN status are not eligible to reallocate projects through the HHN reallocation process.

4A. Continuum of Care (CoC) 2010 Achievements

Instructions:

In the FY2010 CoC application, CoCs were asked to propose numeric achievements for each of HUD's five national objectives related to ending chronic homelessness and moving individuals and families to permanent housing and self-sufficiency through employment. CoCs will report on their actual accomplishments since FY2010 versus the proposed accomplishments.

In the column labeled FY2010 Proposed Numeric Achievement enter the number of beds, percentage, or number of households that were entered in the FY2010 application for the applicable objective. In the column labeled Actual Numeric Achievement enter the actual number of beds, percentage, or number of households that the CoC reached to date for each objective.

CoCs will also indicate if they submitted an Exhibit 1 in FY2010. If a CoC did not submit an Exhibit 1 in FY2010, enter "No" to the question. CoCs that did not fully meet the proposed numeric achievement for any of the objectives should indicate the reason in the narrative section.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Objective	FY2010 Proposed Numeric Achievement:		Actual Numeric Achievement	
Create new permanent housing beds for the chronically homeless.	42	Beds	29	B e d s
Increase the percentage of homeless persons staying in permanent housing over 6 months to at least 77%.	81	%	82	%
Increase the percentage of homeless persons moving from transitional housing to permanent housing to at least 65%.	77	%	81	%
Increase the percentage of homeless persons employed at exit to at least 20%	28	%	25	%
Decrease the number of homeless households with children.	90	Households	108	H o u s e h o l d s

Did the CoC submit an Exhibit 1 application in FY2010? Yes

If the CoC was unable to reach its FY2010 proposed numeric achievement for any of the national objectives, provide a detailed explanation (limit 1500 characters)

Three factors contributed to not meeting a decrease in homeless households. First, we had an inaccurate count of homeless households at PIT 2010. It was 111, not the 97 we were working from. Having accurate information would have increased our projection to 100. Second, improvements in our PIT count outreach allowed the CoC to unfortunately identify an increase in unsheltered homeless households. And lastly, the increase in those entering poverty coupled with decrease in assistance dollars have eroded housing stability for a growing number of households.

4B. Continuum of Care (CoC) Chronic Homeless Progress

Instructions:

HUD tracks each CoCs progress toward ending chronic homelessness. In the FY2011 CoC NOFA, chronically homeless is defined as an unaccompanied homeless individual with a disabling condition, or a family with at least one adult member who has a disabling condition, who has either been continuously homeless for at least a year OR has had at least four episodes of homelessness in the last three (3) years.

CoCs are to track changes from one year to the next in the number of chronically homeless persons as well as the number of beds available for this population. CoCs will complete this section using data reported for the FY2009, FY2010, and FY2011 (if applicable) point-in-time counts as well as the data collected and reported on the Housing Inventory Counts (HIC) for those same years. For each year, indicate the total unduplicated point-in-time count of chronically homeless as reported in that year. For FY2009 and FY2010, this number should match the number indicated on form 2J of the respective years Exhibit 1. For FY2011, this number should match the number entered on the Homeless Data Exchange (HDX).

Indicate the total number of chronically homeless persons and total number of permanent housing beds designated for the chronically homeless persons in the CoC for FY2009, FY2010, and FY2011.

Year	Number of CH Persons	Number of PH beds for the CH
2009	312	206
2010	218	237
2011	207	266

Indicate the number of new permanent housing beds in place and made available for occupancy for the chronically homeless between February 1, 2010 and January 31, 2011. 29

Identify the amount of funds from each funding source for the development and operations costs of the new permanent housing beds designated for the chronically homeless, that were created between February 1, 2010 and January 31, 2011.

Cost Type	HUD McKinney-Vento	Other Federal	State	Local	Private
Development		\$350,000	\$3,333,333		\$325,000
Operations	\$69,000	\$45,000		\$94,000	
Total	\$69,000	\$395,000	\$3,333,333	\$94,000	\$325,000

If the number of chronically homeless persons increased or if the number of permanent beds designated for the chronically homeless decreased, please explain (limit 750 characters):

4C. Continuum of Care (CoC) Housing Performance

Instructions:

All CoC funded non-HMIS projects are required to submit an Annual Performance Report (APR), or Transition APR (TAPR) within 90 days of a given operating year. To demonstrate performance on participants remaining in permanent housing for more than six months, CoCs must use data on all permanent housing projects that should have submitted an APR, or TAPR, for the most recent operating year. Projects that did not submit an APR, or TAPR, on time must also be included in this calculation.

Complete the table using data entered for Question 12(a) and 12(b) for the most recent submitted APR, Q27 from the TAPR, for all permanent housing projects (SHP-PH, or Sac TRA/SRA/SRO/PRA) within the CoC that should have submitted one. Enter totals in fields a-e. The Total PH percent will auto-calculate by selecting "Save." The percentage is calculated as: c+d, divided by a+b, multiplied by 100. the last field, e., is excluded from the calculation.

CoCs that do not have SHP-PH or S+C projects for which and APR, or TAPR, was required should select "No" if the CoC did not have ANY CoC-funded permanent housing projects operating within their CoC that should have submitted an APR, or TAPR.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

Does the CoC have any permanent housing projects (SHP-PH or S+C) for which an APR was required to be submitted? Yes

Participants in Permanent Housing (PH)	
a. Number of participants who exited permanent housing project(s)	137
b. Number of participants who did not leave the project(s)	354
c. Number of participants who exited after staying 6 months or longer	116
d. Number of participants who did not exit after staying 6 months or longer	285
e. Number of participants who did not exit and were enrolled for less than 6 months	69
TOTAL PH (%)	82

Instructions:

HUD will also assess CoC performance in moving participants in SHP transitional housing programs into permanent housing. To demonstrate performance, CoCs must use data on all transitional housing projects that should have submitted an APR, or TAPR, for the most recent operating year. Projects that did not submit an APR, or TAPR, on time must also be included in this calculation.

Complete the table below using cumulative data entered for Question 14 on the most recent submitted APR, Q29 on the TAPR, for all transitional housing projects (SHP-TH) within the CoC that should have submitted one. Once amounts have been entered into a. and b. selection "Save." The Total TH will auto-calculate. The percentage is auto-calculated as: b. divided by a, multiplied by 100. CoCs that do not have SHP-TH projects for which an APR was required should select "No" to the question below. This only applies to CoCs that do not have any CoC-funded transitional housing projects currently operating within their CoC that should have submitted an APR.

Does CoC have any transitional housing projects (SHP-TH) for which an APR was required to be submitted? Yes

Participants in Transitional Housing (TH)	
a. Number of participants who exited TH project(s), including unknown destination	221
b. Number of SHP transitional housing participants that moved to permanent housing upon exit	179
TOTAL TH (%)	81

4D. Continuum of Care (CoC) Enrollment in Mainstream Programs and Employment Information

Instructions:

HUD will assess CoC performance in assisting program participants with accessing mainstream services to increase income and improve outcomes such as health, education, safety, and/or economic outcomes of homeless persons. To demonstrate performance, CoCs must use data on all non-HMIS projects (SHP-PH, SHP-SH, SHP-SSO, S+C TRA/SRA/PRA/SRO) that should have submitted an APR (either the HUD-40118 or the HUD APR in e-snaps) for the most recent operating year. Projects that did not submit an APR on time must also be included in this calculation.

Complete the table below using cumulative data entered for question 11 on the most recent submitted HUD-40118 APR or Q26 for the HUD APR in e-snaps for all non-HMIS projects within the CoC that should have submitted one. Each CoC shall first indicate the total number of exiting adults. Next, enter the total number of adults who exited CoC non-HMIS projects with each source of income. Once amounts have been entered, select "Save" and the percentages will auto-calculate. CoCs that do not have any non-HMIS projects for which an APR was required should select "No" to the question below. This only applies to CoCs that do not have any CoC-funded non-HMIS projects currently operating within their CoC that should have submitted an APR.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Total Number of Exiting Adults: 259

Mainstream Program	Number of Exiting Adults	Exit Percentage (Auto-calculated)	
SSI	26	10	%
SSDI	17	7	%
Social Security	0	0	%
General Public Assistance	9	3	%
TANF	13	5	%
SCHIP	0	0	%
Veterans Benefits	1	0	%
Employment Income	64	25	%
Unemployment Benefits	2	1	%
Veterans Health Care	0	0	%
Medicaid	14	5	%
Food Stamps	10	4	%
Other (Please specify below)	138	53	%
supplemental nutrition assistance			
No Financial Resources	58	22	%

The percentage values will be calculated by the system when you click the "save" button.

Does the CoC have any non-HMIS projects for which an APR was required to be submitted? No

4E. Continuum of Care (CoC) Participation in Energy Star and Section 3 Employment Policy

Instructions:

HUD promotes energy-efficient housing. All McKinney-Vento funded projects are encouraged to purchase and use Energy Star labeled products. For information on the Energy Star Initiative go to: <http://www.energystar.gov>

A "Section 3 business concern" is one in which: 51% or more of the owners are Section 3 residents of the area of services; or at least 30% of its permanent full-time employees are currently Section 3 residents of the area of services; or within three years of their date of hire with the business concern were Section 3 residents; or evidence of a commitment to subcontract greater than 25% of the dollar award of all subcontracts to businesses that meet the qualifications in the above categories is provided. The Section 3 clause can be found at 24 CFR Part 135.

Has the CoC notified its members of the Energy Star Initiative? Yes

Are any projects within the CoC requesting funds for housing rehabilitation or new construction? Yes

4E. Section 3 Employment Policy Detail

Is the project requesting \$200,000 or more?: Yes

If Yes to above question, click save to provide activities

**Which activities will the project undertake to ensure that employment and other economic opportunities are directed to low and very low income persons?
(Select all that apply)**

Advertise at social service agencies, employment/training/community centers, local newspapers, shopping centers, radio, Establish a preference policy for Section 3 for competitive contracts >\$100,000

4F. Continuum of Care (CoC) Enrollment and Participation in Mainstream Programs

It is fundamental that each CoC systematically help homeless persons to identify, apply for, and follow-up to receive benefits under SSI, SSDI, TANF, Medicaid, Food Stamps, SCHIP, WIA, and Veterans Health Care as well as any other State or Local program that may be applicable.

Does the CoC systematically analyze its projects APRs in order to improve access to mainstream programs? Yes

If 'Yes', describe the process and the frequency that it occurs.

TLCHB staff reviews APR's upon receipt and again at applicant selection, alerting and advising program administrators if mainstream resources are indicate as underutilized. Each SHP applicant is required to be a part of the Ohio Benefit Bank to ensure that clients receive all eligible mainstream resources available. Several mainstream providers serve on TLCHB keeping the board and thereby the providers appraised of access and utilization of mainstream programs and resources.

In addition, the local consortium of providers, Toledo Area Alliance to End Homelessness (TAAEH), discusses mainstream programming access information and updates each month at its regularly scheduled monthly meetings.

Does the CoC have an active planning committee that meets at least 3 times per year to improve CoC-wide participation in mainstream programs? Yes

If "Yes", indicate all meeting dates in the past 12 months.

TLCHB Board of Directors: 11/18/10; 01/20/11; 02/17/11; 03/17/11; 4/21/11; 05/19/11; 7/21/11; 8/18/11; 9/15/10; 10/20/11

TAAEH met 11/5/10; 01/7/11; 02/4/11; 03/4/10; 4/8/11; 05/6/11; 6/3/11; 9/9/11 10/7/11

The TLCHB Board of Directors is comprised of representatives of our local mainstream resources and programs and agenda includes emphasis on community participation in services.

Does the CoC coordinate with the State Interagency Council on Homelessness to reduce or remove barriers to accessing mainstream services? Yes

Does the CoC and/or its providers have specialized staff whose primary responsibility is to identify, enroll, and follow-up with homeless persons on participation in mainstream programs? Yes

If yes, identify these staff members Provider Staff

Does the CoC systematically provide training on how to identify eligibility and program changes for mainstream programs to provider staff. Yes

If "Yes", specify the frequency of the training. semi-annually (twice a year)

Does the CoC use HMIS as a way to screen for mainstream benefit eligibility? No

If "Yes", indicate for which mainstream programs HMIS completes screening.

Has the CoC participated in SOAR training? Yes

If "Yes", indicate training date(s).

Trainings were held before establishment of TLCHB and dates are unknown.

4G: Homeless Assistance Providers Enrollment and Participation in Mainstream Programs

Indicate the percentage of homeless assistance providers that are implementing the following activities:

Activity	Percentage
1. Case managers systematically assist clients in completing applications for mainstream benefits. 1a. Describe how service is generally provided:	100%
Through Ohio Benefit Bank providers & on-site linkage to mainstream resources	
2. Homeless assistance providers supply transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs.	85%
3. Homeless assistance providers use a single application form for four or more mainstream programs: 3.a Indicate for which mainstream programs the form applies:	85%
Ohio Benefit Bank sites	
4. Homeless assistance providers have staff systematically follow-up to ensure mainstream benefits are received.	100%
4a. Describe the follow-up process:	
Through direct contact: phone, mail, on-line	

Continuum of Care (CoC) Project Listing

Instructions:

IMPORTANT: Prior to starting the CoC Project Listing, CoCs should carefully review the "CoC Project Listing Instructions" and the "CoC Project Listing" training module, both of which are available at www.hudhre.info/esnaps.

To upload all Exhibit 2 applications that have been submitted to this CoC, click on the "Update List" button. This process will take longer based upon the number of projects that need to be located. The CoC can either work on other parts of Exhibit 1 or it can log out of e-snaps and come back later to view the updated list. To review a project, click on the next to each project to view project details.
